Racine Christian School raised \$17,000 for school technology during its Annual Fun Walk.

Students walked 1.5 miles through the neighborhood

near RCS, pausing for games and activities along the way. At the end of the day, the 8th grade was awarded a special prize for showing the best positive Christian behavior and letting its light shine in our community.

The Fun Walk theme was “In the Spotlight” because RCS is currently placing classroom technology on center stage. Contributions will fund ceiling-mounted projectors for classrooms. Linked to teachers’ computers, the projectors will allow use of many more visuals during class. Also, RCS is paving the way for interactive whiteboards to be added in the coming year.

Principal Dave Van Swol says, “The staff and students are very excited about this new classroom technology! Many thanks to our students, families, and business supporters for an outstanding Fun Walk. Your contributions are appreciated and will further enhance Christian education for RCS students.” www.RacineChristianSchool.com.
